your gift.

IMPORTANT – PLEASE READ CAREFULLY

This gift is secured on the Bitcoin blockchain using a smart contract. There is no account, no company, and no recovery service behind it. Your gift is controlled by ONLY two things: the QR code on this card & the 12-word seed phrase.

TO REDEEM YOUR GIFT: [Scan the QR code](#). Need help? Click the [“I Can Guide You”](#) button in the top right corner of the [Gift Details webpage](#).

Never take a photo of your 12 word seed phrase. Never share your 12 word seed phrase with anyone.
There is no way for anyone to recover your funds if you lose your 12 word seed phrase.

Treat your 12 words like cash or gold. Protect them at all times.

Note: You do NOT need bc1q21 to access or release your Bitcoin gift. bc1q21 simply provides an easy-to-use release assistant for non-technical users. The actual time-lock is enforced directly by the Bitcoin blockchain itself. If bc1q21 were ever offline or no longer operating, the funds would still remain recoverable using the recovery words and Bitcoin transaction data. Manual recovery is intended for technically capable users or developers familiar with Bitcoin scripting and transaction construction.
